

### Participant Agreement

We understand, as volunteers for Freshwater Conservation Canada's Yellow Fish Road™ (YFR) Program, it is the responsibility of our group to:

1. Designate a group leader to read the YFR Program Guide and be responsible for the group while implementing the YFR Program.
2. Obtain the necessary supplies and permissions, as outlined in the YFR Program Guide, whether through an YFR Partner, or through our own means.
3. Ensure group members understand and follow the safety and painting procedures outlined in the YFR Program Guide (or by an YFR Partner or the municipality).
4. Ensure the group is supervised at all times while marking the storm drains.
5. Ensure that any group members under the age of majority have written parental consent to participate and that parents understand that the group leader, not Freshwater Conservation Canada, will supervise the painting.
6. Ensure a minimum of 1:6 adult to child ratio for the marking.
7. Participants agree to send in their completed Tally Sheet at the end of their event with the following numbers: adult and child participants, storm drains painted, and door hangers distributed.

As volunteers for Freshwater Conservation Canada's Yellow Fish Road™ Program, your group will not be covered by Freshwater Conservation Canada's commercial general liability insurance subject to the policy coverage, exclusions, and conditions for the date(s) of the storm drain marking. Freshwater Conservation Canada is not responsible for bodily injury incurred or damage to or loss of personal property incurred while implementing the YFR Program. Please email your agreement. I have read, understood and agree with this Participation Agreement.

**Please send this completed page to the Yellow Fish Road partner**

**Please note we must receive your Volunteer Agreement 5 days before your stenciling event.**
