PROTECT FRESHWATER. JOIN THE FETE!

This April, Freshwater Conservation Canada is hosting the Freshwater Fete - an event dedicated to celebrating and supporting Canada's vital rivers, lakes and streams that sustain us all.

We're inviting you to help make this event a success by either purchasing tickets, sponsorship, donation or all of the above!

Your support will directly fund important projects that protect clean water, improve water quality, and restore critical habitats like fish to bears to butterflies.

By conserving, protecting and restoring freshwater ecosystems, we can address the impacts of climate change, loss of habitat and ensure healthy waters for generations to come.

ABOUT THE EVENT: FRESHWATER FETE

For over thirty years, the Annual Water Conservation Dinner and Auction has been a must-attend event for Calgary's business executives and their friends.

This year, we're bringing back the excitement with another fabulous silent auction filled with unique experiences and one-of-a-kind items.

But that's just the beginning—join us for an evening of delicious appetizers, interactive activations, and an opportunity to make an even greater impact on Canada's freshwater conservation efforts..

EVENT INFORMATION:

Thursday April 16th, 2026 at Hudson
200 8 Ave SW 6th floor, Calgary, AB T2P 1B5

3 ticket options available (VIP, Bundle, General)

Sponsorship options & benefits

Live and silent auction offering unique items, services, and experiences hosted by our partners at Elevate Auctions

The evening will feature delicious passed hors d'oeuvres and drinks as well as interactive activations.

Reception is business casual with a splash of blue.

ABOUT US

Freshwater Conservation Canada is a charitable organization in Canada whose mission is to conserve, protect, and restore Canada's freshwater ecosystems and coldwater resources for current and future generations.

Our on-the-ground efforts include work in Recovering Aquatic Biodiversity, Cooling Streams, and Reconnecting Canada. It enables us to expand programs such as Connect & Protect, Porcupine Hills Rehabilitation, Two Rivers Conservation Corridor, and many more. We partner closely with local communities, corporate partners, government agencies, and volunteers to deliver conservation solutions that benefit the environment by planting native trees along riverbanks to lower water temperatures, restoring habitats for fish and wildlife, and enhancing the resilience of water systems to climate change.

We greatly value your support in our mission to improve the lives and health of Canadians by protecting one of our most vital natural resources—water. We would love to hear from you if you have items or services to donate, or if you know of potential donors. Every contribution, big or small, helps us make a difference. Cash donations are always appreciated.

For questions or more information, please don't hesitate to contact us at 403-221-8360. Thank you for helping us protect Canada's waters!

Note: If you would like more information on items accepted as donations, please phone us at 403.221.8360. All cash and item donations are automatically tax receipted.

DONATE

Items

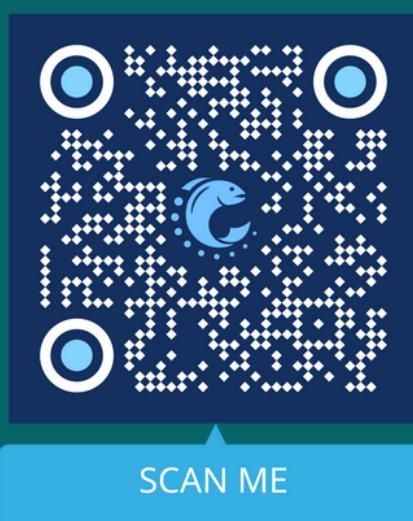

Freshwater Conservation Canada and our friends at Elevate Auction will host a silent auction from Thursday, April 2nd, through Thursday, April 16th, 2026. We want your help securing donation item(s) or service(s) to enhance the assortment of quality merchandise up for auction.

Note: If you would like more information on items accepted as donations, please call us at 403.221.8360. All cash and item donations are automatically tax-receipted.
